#### Remarks

WOW What a place !! Great layout here built in 2019 this home offers over 2200 sqft 3 (possibly 4) bedrooms, 2 full baths Super clean too. Main floor has Huge primary bedroom with large bathroom has custom tile shower and walk in closet. 2 more bedrooms , full bath with jetted tub and main floor laundry. Large Living room with high ceilings and opens to dining and spacious kitchen with lots of cabinets and granite tops. Kitchen appliances included. And another great feature is the upstairs ! Currently a large living room 12x42 with opening overlooking the living room, has potential for adding another bedroom and plumbing is prepped in the wall for a future bathroom too. Oversized garage with 18' wide garage door, and walls are insulated. Outback a nice covered deck that overlooks private fenced back yard and you can watch the wildlife come to the pond. Extra parking space on north side of the house. Well maintained shows well
